

# GRAD STUDENT ADVANCED CONSULTING BOOTCAMP

**Tuesday, August 6, 10am-4pm**  
512 Duncan Student Center

Management Consulted is returning to Notre Dame this fall!  
From those who have landed interviews to those who are simply curious  
about learning more about consulting - this workshop is for everyone!

Learn directly from former Big Three consultant,  
**Jenny Rae**, who will use her own experiences to cover:

- Advanced fit interviews
- Full case study walk through
- Level 1 vs. Level 2 case interviews
- Advanced case math

**FREE Pizza | RSVP at [bit.ly/NDBootcamp](https://bit.ly/NDBootcamp)**

**Questions?** Email [gradcareers@nd.edu](mailto:gradcareers@nd.edu)

# ADVANCED CONSULTING INTERVIEW BOOTCAMP

Tues. Aug. 6: 10am-4pm

## CASE WALKTHROUGH

It's one thing to "solve a case." But can you do it in a way that:

1. Blends frameworks to drive to the heart of the business problem
2. Makes clear, ranked recommendations
3. Convinces key stakeholders to take action

## CREATIVE STRUCTURES

It is not enough to regurgitate frameworks you memorized from a book. An "A" candidate blends frameworks to best solve the business problem that is being asked. We'll break down Level 1 vs. Level 2 case structures. Start strong - it will make or break the case!

## CASE MATH

A deep dive into case math:

1. MBB Charts, Graphs, and Exhibits
2. Drawing Level 1 and Level 2 insights out from the numbers

## INSTRUCTOR

Jenny Rae graduated from the University of Virginia and obtained her MBA from Columbia Business School. She joined Bain after traveling around the world, writing a book, working on financial public policy in South Africa and sailing across the Atlantic Ocean. Since leaving Bain to co-found a tech company she has advised over 45 different early- and mid-phase companies around the world.
